

[Press Release]

Geely Automobile Holdings Limited
SALES VOLUME FOR APRIL 2014 REACHED 35,646 UNITS
SALES VOLUME DOWN 20% YOY

(HONG KONG, 12 May 2014) --- Geely Automobile Holdings Limited ("Geely Automobile"/the "Group")(Stock code: 175) announced that the total sales volume of the Group for the month of April 2014 was 35,646 units, a decrease of approximately 20% over the same period last year, but was up approximately 3% from March 2014. As mentioned previously, the Group is in the midst of a major product upgrading cycle and ongoing reshuffle of the sales and marketing system and this affects the Group's sales performance in the early part of the year. Despite this, the year-on-year decline of the total monthly sales volume of the Group has been diminishing since the beginning of 2014, reflecting trend of gradual recovery of sales volume. The Group's exports volume was 9,048 units in April 2014, up around 18% from the same period last year. During the month of April 2014, the Group's total sales volume in China market was 26,598 units, a decrease of around 28% from the same period last year. The total sales volume in the first four months of 2014 was 125,253 units, down about 33% from the same period last year and achieving 22% of the full year sales volume target of 580,000 units in 2014.

The Spokesman of Geely Automobile said, "During the month of April 2014, the sales volume of the Group's best-selling model 'Emgrand EC7' was 12,486 units, a decrease of about 9% over the same period last year. The aggregate sales volume of 'GX7' and 'SX7', the Group's Sport Utility Vehicles (SUVs) was 7,138 units in April 2014, an increase of about 56% over the same period last year."

Detailed sales volume data will be available upon request. Please contact Ms Tracey Tong at Prime International for further information. The sales volume figures released are based on a more stringent recognition criterion, requiring all sales to be contracted, paid and delivered before it would be recognized. These figures, however, are preliminary figures and will be subject to changes and final confirmation.
