**SALES VOLUME UP 13% YOY**

(HONG KONG, 7 May 2015) --- Geely Automobile Holdings Limited ("Geely Automobile"/the "Group")(Stock code: 175) announced that the total sales volume of the Group for the month of April 2015 was 40,120 units, an increase of approximately 13% over the same period last year, but was down approximately 17% from March 2015. The Group's exports volume was 1,472 units in April 2015, down around 84% from the same period last year, due to the challenging environment in some of the Group's major markets and the slack season for exports during the period. In the month of April 2015, the Group's sales performance in the China market remained very strong, with total sales volume up around 45% year-on-year to 38,648 units. The overall sales volume in the first four months of 2015 was 180,643 units, up about 44% from the same period last year and achieving 40% of the full year sales volume target of 450,000 units in 2015.

The Spokesman of Geely Automobile said, "During the month of April 2015, the combined sales volume of 'EC7' and 'Xindihao' was 14,497 units, an increase of about 16% from the same period last year. The aggregate sales volume of 'GX7', 'SX7' and 'GX9', the Group's Sport Utility Vehicles (SUVs), was 5,616 units in the month of April 2015, a decrease of about 21% from the corresponding period last year. The combined sales volume of 'Vision' sedan and its new version was 10,473 units in the month of April 2015, more than fourteen-fold increase when compared with the same period last year. The Group officially launched 'GC9' (博瑞), its first B-segment sedan towards the end of April 2015 and achieved an encouraging sales volume of 839 units during the month. So far, the order book for 'GC9' has been better than the management's initial expectations."
